We guarantee 100% Satisfaction with our products.

The world famous Indian River makes our Florida citrus incredibly sweet and juicy. For over a half a century, Indian River citrus has delighted Americans everywhere. To complement its quality, our fruit is carefully placed into beautiful packaging that radiates good taste.

Our care at each step results in quality that our customers and gift recipients see and taste. While grocery store and market fruit is usually old after sitting in trucks, warehouses and storage for several weeks if not months at a minimum, our fruit packages go from the grove to their destinations in as little as three days and in many cases less than five business days.

Send the gift of citrus today! Our fruit is delightful, delicious and healthy and it's a welcomed treat for the holidays and all occasions. Make Thanksgiving, Hanukkah, Christmas and New Years extra special this year with our Florida Indian River fresh citrus direct from the grove.
